# High Concept

The Forest of food is 3rd person Top - view adventure game. The player can choose the favorite seasonal food. And go to the forest of food to make seasonal food. Escaping the forest of food, the player finds the ingredient of food on the forest of food. Player kills the pig to get Pork, gets the mushroom and steals the crops from farm. Then Player makes seasonal food out of collected  materials. Player should satisfy the fairy of the forest to escape.

# Summary

The forest of food is player finds,steals and collects ingredient of foods and makes favorite seasonal food. And player should satisfy fairy of the forest to escape the forest of food.

Mainly inspired by ‘Animal Crossing’ Series.

# Story

You started living alone some time ago. Last week you bought too many of your favorite games on Steam, therefore you have no money to buy food. On the third day, you’re on the verge of starving. And then suddenly the fairy appears and tells you “Do you want to go Forest of Food?” In the words “Forest of Food”, you say that “Yes, I want to go there! If can I eat something!” After arriving in the forest, the

fairy told you, “If you want to go home, make food that will satisfy me.” Therefore you must collect ingredients and make food. Will you be able to escape?

# Game Flow

When you start the game, player’s backstory cutscene is show up. In this cutscene, you will choose player’s name and season of ‘Forest of Food’(Spring, Summer, Fall, Winter). And then fairy will teach you basic control and object of this game when player arrived at fairy’s house in ‘Forest of Food’. After done all of tutorials, player will go an adventure of ‘FoF’. If player gets all ingredients of food. player will come back to fairy’s house and make some food. Depending on estimation of food by fairy, you will get different endings.

# Game Mechanics

Press arrow key to move, Space key to attack animals, Control key to interact things/collect items. If you need some vegetables, you can find it on ground. When you try to hunt animals, animals will run away and you have to chase them. There is a limited time. If you collect all ingredients of foods or time is over, you have to go back to fairy’s house and make some food. when you done it, she will estimate your food. If He likes your food, she will return you to home. if not, you cannot get back to home.

# Game Environment

The map is a large one map. However, if you choose Bom Namul Bibimbap, map will change to spring.

Bom Namul Bibimbap -> Spring

Samgyetang -> Summer

Grilled Turkey -> Fall

jeongol same as stew -> Winter

Then, the ingredients for making the food are spawn randomly in the season map that fits the selected food.

# Game Controls

Arrow keys - move

Space key - attack

Control key - interact

Shift key - Running

Z key - inventory

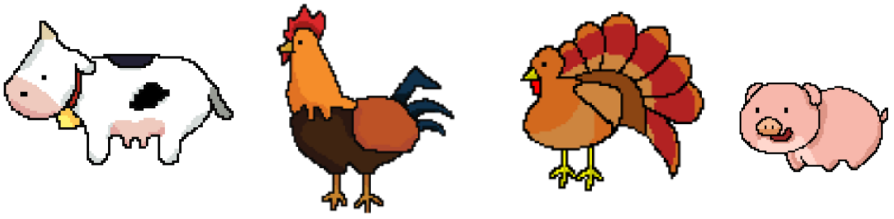

All content © 2020 DigiPen (USA) Corporation, all rights reserved. 

# Visual Design

This game will be based on 2D. The perspective is third-person view. The camera will not show a large map, it will only show the perimeter of the main character. Pictures will be drawn in pixels and will look like the picture below.

Bom - nameul - bibim bap

# Audio Design

-Background Music (Calm and light)

- Hit/Dead sound effect(Animal) Pig,Chicken,Turkey,Cow
- SFXs : collect item, walking, snow, fallen leaves, talking, button, sword
- Ending Music (Pass and Fail)

# Behavior Design

Animals(pig,turkey,chicken,cow) move randomly random direction every few seconds.

Pigs spawn on winter map.

Cows spawn on Spring map.

Turkey spawn on Autumn map.

Chicken spawn on Summer map.

Animals can’t attack the player.

All content © 2020 DigiPen (USA) Corporation, all rights reserved. 

They move on the map up,down,right,left randomly every few seconds.

# Physics Design

The only requirement of physics is collision check

-

# Appendix A: Story

- Happy Ending: If fairy feels the food is delicious, the main character goes home.
- Bad Ending: If the fairy is not satisfied with the food, the main character cannot return home. The main character must remain in the forest.
